How does group volume work and how do I accumulate it?

Group volume is the total business volume of all the people below you in your organization (not just your

personally-enrolled). As an active Associate on Autoship, you will accumulate this group volume just like an active Paid-As Consultant. Once you reach the rank of Paid-As Consultant, this volume can convert into cycles and you can earn team bonuses. If you remain on Autoship but become inactive, your volume will be reset to zero. If you cancel your Autoship but remain active, your current accumulated group volume will remain the same, but you will not accrue any new group volume until you are back on Autoship or become Paid-As Consultant.

How do the rank advancement bonuses work?

There are two types of rank advancement bonuses: the one-time rank bonus and two-time rank bonus.

The one-time rank advancement bonus is for Associates who reach the Paid-As Consultant, Star Consultant, Executive and/or Crystal Executive ranks for the first time only.

The two-time rank advancement bonuses are for those who reach Paid-As Executive within the same week that they meet their Golden Circle cycle requirements for 1, 2 or 3 Star. If you maintain Paid-As Executive and achieve the Golden Circle rank again, you’ll receive a second bonus.

- For existing Associates, your highest rank since January 4, 2010 will be the starting point for this promotion. You must be on Autoship the day you advance in rank to be eligible for the bonus. The qualifications for Star Consultant and Executive require all of your personally-enrolled to be Paid-As Consultants.
- If you achieve Crystal Executive status you will earn \$1,500 instead of the Executive rank advancement bonus of \$1,000. You can only receive one or the other. You can only receive the Crystal Executive rank advancement bonus if you achieve the rank within your first six months of enrolling with Isagenix. Crystal Challenge qualifiers are not eligible for the bonus if they’ve been with Isagenix for more than six months.

Autoship Rewards Program* Frequently Asked Questions Continued

- For Executive through 3-Star Golden Circle bonuses, you must be Paid-As Executive in order to qualify.
- During the promotional period you can earn all applicable bonuses. One, two or three Star recognitions do not carry over.

For example, if you are a 1-Star Silver Circle Consultant and become a 1-Star Golden Circle, you will receive the Star Consultant and Executive bonus, but not the 1-Star Golden Circle Bonus. You will however be eligible to earn the 2- and 3-Star Golden Circle advancements upon achieving the required cycles. Please note: advancement bonuses are considered promotional compensation and promotional compensation does not convert to cycles.

How do I qualify for the healthcare program?*

One of the qualifications for our comprehensive and affordable healthcare program that includes medical, dental and vision is that you be active on Autoship. To maintain eligibility you must remain on Autoship and earn a minimum of \$300 in total commissions in the six months prior to each enrollment period. Please see the healthcare program flyer in your Back Office for full details on all of the qualifications for this program.
